

VII. International Organ Festival of Baroque Music BAROQUE OVERLAPS

3. 5. – 31. 5. 2007

International Organ Festival of Baroque music was established after new „Baroque“ organs were built in Holy Ghost Church in Opava in 2000; it is a very important event not only in Opava, but for all the region. Inspiration for it are unique organs which stem from old both sympathetically and expressively (together with the historical tuning unique in this region and gives an ideal organ music in an authentic setting. The programme ideas. The best European of early music and period performance invited from Poland, USA, Germany, as well as from the Czech Republic and countries. This is an important aspect for artists played keyboard instruments harpsichord, spinet, clavichord and annual Festival presents organ music which interacts with other artistic and genre forms.
